

MNWO Board of Directors Statement of Interest

The Minnesota Well Owners Organization is a nonprofit 501(c)(3) Minnesota corporation created to preserve, protect, and restore Minnesota's water resources and ensure the safety of those who use private wells for drinking water. Based on interest in your participation with MNWO as a member of the Board of Directors we ask you to read MNWO's Bylaws and consider the following questions. Thank you for your time and attention.

Name:

Mailing Address (Street, City, State, Zip):

Telephone Numbers (Mobile, Home, Work):

Email Address:

MN Groundwater District:

Primary Source of Drinking Water

How do you protect MN natural resources, including water wells, water systems, aquifers now?

What more would you see done to preserve, protect and restore MN natural resources? What are your goals / ideals for MNWO to protect MN groundwater resources? Do you have an ongoing or future project within the scope of MNWO's mission?

MNWO is seeking regional leadership. If not included on your resume, do you have experience and/or have you served on other private and public boards?

How much and what kind of resources are you willing to dedicate to MNWO? Money, time, expertise, services ... ? Currently Board members commit at least their time and financial support within their means and other family and professional obligations.

Are you willing to travel in Minnesota for Board meetings or do you have access to video or telephonic participation?

Anything else you'd like to write?
